

BENEFITS OF DUAL ENROLLMENT

Complete College Courses Early with Dedicated Dual Enrollment Classes

Earn High School Credits and College Units Simultaneously

Get 100% Free College Tuition and Textbooks

Get Access to College Activities and Campus Resources

Supported by High School and College Staff to Succeed

Sacramento Academic & Vocational Academy

SAVA students have the opportunity to participate in Dual enrollment classes starting Fall 2022. Each student must start by taking the course, Introduction to College (3 college units and 10 elective high school credits). Once complete, students have the option of taking other ARC courses that are available to them (Psychology, Intro to Film, Sign Language and much more). For students who enroll, SAVA will provide an in-person class for support.

If you have any further question or if you would like to enroll in the program, please reach out to your site's counselor.

Campus Resources

ARC has many resources available to students. As a Dual Enrollment Student, you have access to these resources. For contact information and to see a full list of resources visit: arc.losrios.edu/admissions/dual-enrollment/dual-enrollment-resources

Resources Include:

Academics
